

## istruzioni per installazione sedile ribaltabile

notices de pose  
assembling instructions

**ATTENZIONE! PER SICUREZZA, MONTARE IL SEDILE SOLTANTO SU PARETI RESISTENTI.**

**ATTENTION! POUR UNE SECURITÉ MAXIMUM, FIXER LE SIEGE SUR DES SUPPORTS RESISTANTS.**

**ATTENTION! IN THE INTEREST OF SAFETY THIS SEAT SHOULD ONLY BE MOUNTED ON STRONG WALLS**

FASE 1

Segnare una linea misurando dal fondo del piatto doccia all'altezza di 49 ÷ 59 cm.

PHASE 1

Tracer au mur un repère compris entre 46 et 59 cm à partir du fond du bac de douche.

PHASE 1

Draw a horizontal line between 49 and 59 cm (9" to 23") from the tread area of the shower tray.

FASE 2

Segnare i 5 fori tenendo il profilo in alluminio in bolla sotto la linea segnata.

PHASE 2

Placer le support du siège sous le repère, que vous venez de marquer, puis positionner au mur les cinq trous de ce support.

PHASE 2

Position the top of the back-plate level with line. Mark the position of the five holes.

FASE 3

Fare 5 fori Ø 8 ed inserire gli appositi tasselli.

PHASE 3

Percer les cinq trous au mur avec una mèche Ø 8, et inserez les chevilles.

PHASE 3

Drill all five holes (8 mm Ø - 3/8" drill bit) and insert the raw plugs provided.

FASE 4

Fissare il profilo alla parete con le 5 viti da  $\varnothing$  6x50.

PHASE 4

Fixer le support au mur au moyen des cinq vis fournies ( $\varnothing$  6x50).

PHASE 4

Fix the back-plate to the wall with the screws provided (6 mm  $\varnothing$  x 50)

FASE 5

Mettere il coperchio in plastica e fissarlo con le due viti autofilettanti da  $\varnothing$  3,5x13.

PHASE 5

Placer ensuite le couvercle en plastique sur le support et le fixer au moyen des deux vis fournies ( $\varnothing$  3,5x13).

PHASE 5

Place the cover over the back-plate and secure with the 2 self-tapping screws provided. (3.5 mm  $\varnothing$  x 13).

FASE 6

Pressare la gomma nella cava del coperchio.

PHASE 6

Pousser la garniture intérieure, dans le fond du couvercle.

PHASE 6

Insert the rubber strip.

FASE 7

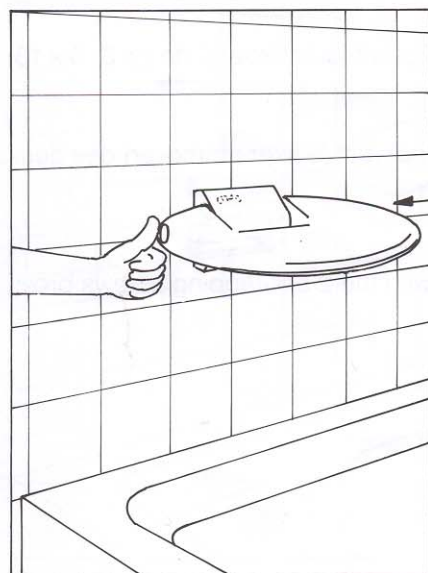

Fissare il sedile tramite i due perni in acciaio inox utilizzando prima un cacciavite, poi la chiave a tubo per un serraggio forte.

PHASE 7

Fixer ensuite le siège au moyen des deux pivots en acier inoxydable, à l'aide d'un tournevis, puis à l'aide d'une clé a tube afin d'assurer une parfaite fixation.

PHASE 7

Fix the seat into position by means of the 2 stainless steel pins and screw home with a screwdriver. Fully tighten pins with a tubular key.

FASE 8

Inserire i due tappini in plastica nei due fori laterali a pressione.

PHASE 8

Monter en pression, les deux caches en plastique dans les deux trous lateraux.

PHASE 8

Insert the 2 rubber covers to conceal the pins.

FASE 9

In caso di smontaggio del sedile, avvitare parzialmente una vite ( $\varnothing$  3,9 autofilettante) nei tappi di chiusura, poi estrarre con una pinza.

PHASE 9

Dans le cas de devoir démonter la siège, avvisser partiellement une vis ( $\varnothing$  3,9 autofilettante) dans les bouchons puis tirer avec une pince.

PHASE 9

In the case you have to take off the showerseat, turn a screw ( $\varnothing$  3,9 self tapping) into the covertaps and pull them out with a pair of pliers.
